

Positive Benefits of Reading to Your Child:

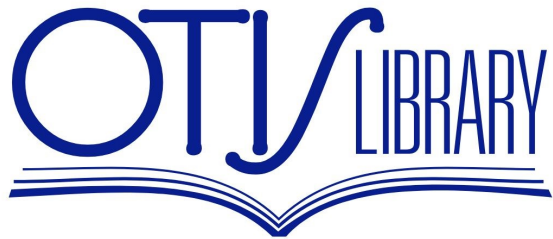

Listening is an important part of communication & learning; and what better way than with a good book!

Children learn that the letters, words & pictures all have meaning.

Explore colors, shapes and sounds through pictures. Children will love to learn about animals & the sounds they make!

Keep board or cloth books with their toys. You may be surprised how many times they will choose a book.

Children will learn to love books and eventually want to learn to read on their own!
